Hello all,

Just a heads up, in addition to their previous City Lot request for #639 for working vehicles, they have requested to add the following lot to their permit...

- CITY LOT 672, HALF OF THE LOT (18 SPACES) ON 10/7 STARTING @ 7AM

The reason for this is additional parking is an additional lot on hand for any displaced residences within their posted area. We were trying to devise a plan to assess more parking - unfortunately, due to the Farmer's Market in place as well as their own base camp / crew park being 4 miles away - this was the closest/most convenience lot to access.

Thanks,

Hi Melinda,

I hope that all has been well!

We've received a permit request for an area just around the corner from your offices. Warner Brothers drama, The Mentalist, is requesting to film at Roselawn Bl. & Figueroa and at the Greyhound on Tuesday, October 7th.

They are requesting interior dialogue at the restaurant/bar as well as extensive exterior shots on Roselawn, including driving shots with intermittent traffic control, use of a condor, and a **full closure of Roselawn Bl. from Figueroa St. to Echo St.**

Notifications (both physical flyers and email notice) will be scheduled for distribution on Saturday, 10/4. **Community surveys will be required due to the full closure request.**

Additionally, they are asking to use ½ of city lot #639.

I'm aware that the farmer's market is nearby on Tuesdays, however it appears to be a few blocks away. Please let us know if any special considerations or accommodations should be made with the market.

Please let me know if there are any immediate questions or concerns, and we'll be happy to provide further information as we move along with the process.
